Letter Responding to EPA 308 Request.pdf

Rob,
 Per our discussion and instructions from Kevin to organize any additional data re sulfates.

Here's what AEC responded with to our R5's 308 request asking for sampling data and maps.
 The 1st map gives us some new sample locations.
 The 2nd map we already had these sample points map from ODNR.

So this response doesn't really assist us, since it was not accompanied by our request for the SMRCA data which ODNR has and won't release and AEC submits to DNR, and also refuses to release to USEPA.

As a follow-up to my letter dated December 10, I offer American Energy Corporation's initial response to EPA's information request. I will await your call to discuss the need for any further response. Thanks,
 Brooks
